**LEAP PARTNER IN EXCELLENCE**™

**Partner in Excellence (PIE) is an Accelerated Personal Development Course for Women**

*“So often we wait for the climate and conditions in life to be perfect before we feel safe enough to step forward, trust and be our authentic selves. What we don’t realize is that in order to create the ideal climate we are waiting for, we must be authentic first.”*

*Sonia Choquette*

**“LIGHT YOUR WORLD”**

## Behind the Image...

We all wear a mask to build our image (the view of ourselves that we present to others). We do it for a reason...to protect ourselves. At the same time the mask protects us, it also keeps us from fully experiencing life and having authentic and rich relationships.

Has your past or present circumstances limited the expression of your passion and true purpose? The world is rapidly changing. Are you prepared to meet the personal challenges that come with this accelerated change?

In a safe and supportive environment with other powerful women, you will have the opportunity to recognize and reassess *what is and is not working for you*, recapture your passion, initiate dynamic changes and experience the inspiration, value and power in revitalizing your life.

## Through your full participation and commitment to yourself you will...

- Rebuild trust in yourself and others
- Set clear boundaries
- Enhance your communication in relationships
- Recognize the strength or limitation of your personal choices to initiate positive change
- Strive for excellence vs. seek perfection
- Develop successful partnerships with others
- Reconnect with your passion and greater purpose
- Break through the barriers that hold you back from achieving your goals and getting what you want
- Accomplish more in less time

This course is about thriving... reigniting your life, reviving your dreams and replenishing your body and soul.

Partner in Excellence (PIE) Course for women is a subsidiary of Leadership Education Action Programs (LEAP). For a description of all the LEAP personal and professional development courses, workshops and trainings go to [www.leaptoexcellence.com](http://www.leaptoexcellence.com) .

## Testimonials from previous participants:

“After participating in Partner In Excellence for women I am now aware that attitude is everything! My attitude determines my results and I now know...suffering IS optional! I am reading more, making more time for myself and giving and receiving positive feedback. How my life has changed! Thank you.”

“As a child, I was a victim of sexual abuse. As an adult, I became a victim of the patterns I developed to survive the abuse. I learned not to trust. As I grew up, not trusting kept me from having meaningful, authentic relationships. The PIE course gave me the insight to understand my past and the support I needed to move beyond it.”

“I just want to say how amazing I think the PIE Course was. I'm actually a little sad it's over! The feeling of lightness I've had these last couple of days is something I'd almost forgotten. I'm excited to start using the tools you have given me so I can continue the feeling. I also have a renewed hope for my relationship with my husband.”
